SunRidge Vision

The vision for students and the school community that supports them is to create a safe and caring educational environment where parents, teachers, staff, children, and the land we share come together to nurture each student's intellectual, artistic, emotional, social, and physical development.

Students will graduate with a love of learning well-prepared to pursue further academic and personal goals, and motivated to make positive contributions to the world.

SunRidge Mission

We progress toward our vision for our students and our school community by:

- Striving to meet the educational needs of each child at every stage of his or her growth through a curriculum based on the core principles of Public Waldorf Education (see Appendix).
- Supporting our students in developing capacities for independent and creative thinking, self-confidence, self-directed learning, social and environmental responsibility, and in affirming individual and cultural diversity.
- Governing our school based on the principles of participation, collaboration, cooperation, and open communication, accountability, respect for individuality and diversity, and a shared responsibility toward the life of the community.
- Attracting and supporting excellent teachers and staff.
- Cultivating and encouraging parent and school participation through education, community, and contribution.
